OUR SCHOOL

The purpose of this school is to provide a biblical perspective to education while providing the students to learn at their own pace. Our goal is to enhance our scholars spiritually, academically, socially, and physically equip them for servant leadership to the glory of God. Therefore, with Christ at the forefront, our mission is to help our scholars soar to reach the peak of their potential.

Soaring to Reach the Peak of Our Potential.

SELF PACED

Students will be guided through a self paced curriculum called Accelerated Christian Education (ACE). This curriculum uses Christian principles while teaching students Math, English, Social Studies, Science, Reading, and more.

LOCATION

SGCA gives the option for on site teaching as well as distant learning. We also offer individual diagnostic testing for each child to properly place them on an academic level suitable for themselves. Upon approval of the application the adult guardian will have the option to select the type of teaching method they want for their child.

FAQ

For answers to more questions visit us online where you will find the school handbook, tuition, calendar, and more.
